ACTION ALERT #3: Support Jeff Katz, WBT radio

Jeff Katz is a local Charlotte, NC conservative talk radio host (<http://www.wbt.com/katz/index.cfm>) who has dared to criticize Islam. Now he's the target of yet another censorship campaign by CAIR and The Islamic Political Party of America (<http://www.ippausa.org/> , also based in Charlotte) to boycott the advertisers. WBT general manager Rick Jackson stands by Katz. Please email Bill White, WBT Program Director, 704.374-3576, bwhite@wbt.com, and urge him that we support Jeff Katz and the first amendment. Broadcasters like Jeff Katz will come under attack from the Democratic Congress in the next months, from legislation such as the censorship bill HR288 and attempts to re-impose the so-called "Fairness Doctrine" that would censor conservative talk radio.

Please support these local Charlotte, NC businesses if you live in the area, and let them know you're a supporter of Jeff Katz and free speech:

- Affordable Siding & Windows, 1101 Tyvola Rd., Suite 305, Charlotte, NC 704-679-9502
- Diamonds Direct, 4521 Sharon Road, Suite 101, Charlotte, NC 28211, 704-532-9041

ACTION ALERT #6: Write to Attorney General Gonzales to keep convicted terrorist Al-Arian in jail

The Islamist lobbying machine (CAIR, ISNA, MAS, ADC, Rep. John Conyers (D-MI) et al) are working overtime to generate letters to free terrorist supporter and Florida professor Sami Al-Arian (http://en.wikipedia.org/wiki/Sami_Al-Arian , <http://www.discoverthenetwork.com/individualProfile.asp?indid=671>), serving time for aiding the organization Palestinian Islamic Jihad. Al-Arian, due for deportation in April, refuses to testify in an investigation of the International Institute of Islamic Thought (IIIT) (<http://www.iiit.org/>) for alleged financing of terror. Al-Arian is using a hunger strike to gain deportation without having to testify. Please fax your letter to demand that our Justice Department stand firm for the protection of U.S. citizens, pursue all leads including Al-Arian's in the IIIT investigation, and not give in to the Islamist totalitarian lobby.

1. CONTACT the following officials to request that Dr. Sami Al-Arian be kept in detention until he testifies. Make sure to include your name, address and ZIP Code in the letter.

ACTION ALERT #8: European members: September 11, 2007 Rally to “Stop the Islamification of Europe”

The Danish group SIAD (<http://siad.dk/>) has expanded its efforts against creeping sharia in Europe by forming SIOE, “Stop the Islamification of Europe”. In concert with the British group “No Sharia Here”, SIAD is organizing a demonstration in front of the European Parliament on September 11th, 2007. SIOE asserts that Islam is a political ideology that uses the cover of religious freedom to subvert the rule of law and traditional cultures of various European countries. The theme of their protest is that “ENOUGH IS ENOUGH!”

SIOE is also in contact with the German group Akte-islam (<http://akte-islam.de/1.html>) concerning this demonstration. According to commenters at Gates of Vienna, news of the event is spreading quickly in the German blogosphere. Even though a UK group is involved in the demonstration, word had not spread widely among the UK blogs until the

announcement was posted at Gates of Vienna. Now some of the British blogs are following up on it.

ACTION ALERT #9: Write Dr. Cochran of Enloe High School on behalf of suspended teacher Robert Escamilla

Sample Letter Provided (please change to your wording and add your ideas). Please send your own letter to keep our schools free of Islamist censorship. CAIR continues to try to intimidate any teachers who allow criticism of Islam in their classes, such as teacher Robert Escamilla in Wake County, NC.

<http://www.foxnews.com/story/0,2933,253824,00.html> . He invited a Kamil International Ministries Organization representative to present a program on Islam and Christianity to students. The presentation involved literature with side-by-side comparisons of the Koran and Bible, and statements critical of Islam.

CAIR is demanding an apology. They have organized local college professors and the media to pressure the school superintendent: <http://www.newsobserver.com/100/story/551566.html>

The Wake County School system and administration of Enloe High School must be reminded that students must make their own determinations and should be able to hear information about Islam that isn't only "CAIR-approved". **Contact the Principal and Superintendent and express your support for teachers to offer diverse views:**

One of our members sent us a copy of the letter she sent, which was so good we wanted to provide it as an example...

Dear Dr. Cochran,

I understand that your school is under fire for examining the faith of Islam as it compares to Christianity. Please know that you, your school district, Enloe High School, and your teacher Robert Escamilla, have my full and complete support in the face of the intimidation dished out to you by the Council on American and Islamic Relations (CAIR).

We all know that in a free society people make up their minds based on the facts. How are children supposed to make up their minds about controversial issues if they are not given a chance to hear all sides and examine all available evidence? No one complains when the Buddhist perspective is explained, or the Hindu perspective. Why should an examination of Islam be off the table? Could it be because the Muslims fear that thinking individuals might come to a realization of the truth about Islam?

CAIR is pretending to be a civil rights organization for Muslims, but they are truly a font for the advancement of shari'a law in our land. Their founder has stated that Islam did not enter America to be equal to other religions, but to rule over them and our land. The Islamists are using our open society to lawfully advance their political agenda. To learn more about this please visit the

<http://www.meforum.org/islamist.php> "Lawful Islamists advance their cause through lobbying politicians, intimidating the media, threatening international boycotts, making predatory use of the legal system, advancing novel legislation, influencing the contents of school textbooks, and in other ways exploiting the freedoms of an open society. They advance their agenda in incremental steps, each of which in itself is minor but in the aggregate point to fundamental changes in society. "

Here is a sampling of such steps taken by non-Muslims to accommodate Islamists (from <http://www.meforum.org/islamist.php>)

- [Sell land at discount prices](#) for building mosques or other Islamic institutions.
- [Ban Hindus and Jews](#) from a jury hearing a criminal case against an Islamist in Great Britain.
- Allow a prisoner the unheard-of right to [avoid strip-searches](#) in New York State.
- Let students in public (i.e., taxpayer-funded) schools use empty [classrooms for prayers](#) in New Jersey.
- Permit [public schools](#) and [public airwaves](#) to be used to convert non-Muslims.
- Recognize [polygamous marriages](#) for tax purposes in the United Kingdom.
- Set aside [women-only bathing](#) at a municipal swimming pool in France or use taxpayer funds for [Muslim women-only](#) swimming times in Washington State.
- Arrange for [women-only classes](#) at a taxpayer-supported university.
- Blame women for being the victims of [rape by Muslim men](#) in Norway.
- Develop a special [hijab for female Muslim employees](#) of a leading home furnishing company, sporting the corporate logo.
- Ban the use of [piggybanks](#)—the symbol of frugality—in their advertising by two major British banks.
- Establish [panels](#), [councils](#), or [advisory boards](#) uniquely for Muslims.
- Authorize Muslim-only [neighborhoods](#) or [events](#).
- Apply the "[Rushdie rules](#)" – accepting Islamist intimidation and silencing critics of Islam.
- Punish anti-Islamic views through the application of criminal charges, as has occurred to critics of Islam in [Australia](#) and [Canada](#).
- Prohibit families from [sending pork or pork by-products](#) or "Any matter containing [religious materials contrary to Islamic faith](#)" to U.S. military personnel serving in the Middle East.
- Require that female American soldiers in Saudi Arabia [wear U.S. government-issued abayas](#).

Please stand firm and strong. Americans all over our country must grow a spine and stand up to these people.
